men on strike and restore them to

ployees through grievance com-
mittee, which gives unions repre-
sentation.

Strikers to get an increase of 1
cent per hour.

Philadelphia, March 20.—United
States Senator Boies Penrose broke
the strike to-night.

One by one he called before him
the directors of the Philadelphia
Rapid Transit Company and forced
them to accept the terms that were
outlined last Friday.

Kruger, of the Rapid Transit
Company, halted and protested.
Clarence Wolf, vice president,
argued unavailingly. Ballard, chief
counsel, tried to smooth the retreat
of the company. Nothing served to
move the man who had become the
boss of the situation.

Penrose brought his hand down
on the table in his office with a bang
that shook the chandeliers. He said
that he would break the Rapid
Transit Company into smash and
scatter the pieces over the streets
if they continued to hold out an-
other hour. He told them that he
would use every ounce of power he
had to smash the company if they
continued to back and fill.

HINTS AT A RECEIVERSHIP.
He reminded them of the dubious
financial position they were in. He
threatened to get legislation that
would force them to make terms less
pleasant than had been submitted. He
more than hinted at a receivership. He dared
the directors to risk action by the common
and select councils.

Kruger, Wolf, and Ballard played
for delay. Penrose waved all suggestions
aside. There were two hours of plead-
ing on one side and flatfooted dictation
on the other.

The Rapid Transit Company officials
gave in. By 10 o'clock to-night they had
agreed to everything that Senator Pen-
rose demanded, guaranteeing terms that
give the carmen's union nine-tenths of
everything it demanded. Even recogni-
tion of the Amalgamated Union, through
a grievance committee, is in-
cluded in the capitulation. First of all,
the company agrees to take back all of
the men on strike, and to restore them to
their old runs and their priority on
the wage and promotion lists.

Pay for Men Kept Waiting.
The proviso is made that if the com-
pany is unable at once to restore all of
the men to their jobs it shall pay
\$2 a day to all that are kept waiting,
and that these shall receive their former
jobs within two months.

Robbed Child's Bank and Calls Him-
self a Coward.

Pittsburg, Pa., March 20.—Paul Junke,
indicted on two charges of larceny,
pleaded guilty in the Criminal Court and
was sentenced to eighteen months in the
workhouse by Judge Josiah Cohen.

Junke was charged with the theft of
money from a child's bank, stickpins,
and other jewelry. After lecturing the
prisoner on stealing the savings of
youngsters, he was asked what he had
to say.

"I know it was cowardly in me to have
taken the little girl's money, judge," de-
clared the convicted man, "and I am
glad that I was caught. Any man who
robs children and blind people deserves
to be caught, and I hope that my pun-

better man."

**HURLED INTO RIVER
FOR REFUSING KISS****Suitor Arrested After Girl's
Body Is Recovered.**

Indianapolis, March 20.—Sarah Porter,
twenty years of age, was drowned in the
canal under the Holton place bridge last
night. James Parnell, her suitor, was ar-
rested this morning on a charge of
throwing the girl from the bridge, a
distance of twenty feet. The police say
Parnell and Miss Porter had stopped on
the bridge and that because the girl re-
fused to kiss him, Parnell became angry
and threw her over the railing. Parnell
jumped into the canal and tried to save
her, but she sank out of sight, and the
body was not recovered for several
hours and Parnell was arrested at his home
and is held pending investigation.

MAY RUN NO MORE.**Cannon's Strength at Home on the
Wane.**

Danville, Ill., March 20.—The passing
of Cannon as "Czar" of the House is a
disappointment to his closest friends, who
fear the result may injure his chances of
re-election next fall by weakening the
fealty of the Republicans of the Eight-
eenth district. It was correspondingly
joyous news to the political enemies of
Uncle Joe.

Local Democrats and disaffected Republi-
cans affect to see the beginning of Can-
non's political decline in the fact that
active opposition in this district to the
Speaker's re-election next fall will follow
immediately.

TWO DIE IN WRECK.**Fifteen Are Injured as the Flyer
Plunges from Rails.**

St. Paul, March 20.—The Great North-
ern Winnipeg flyer, northbound, left the
rails one mile west of Rogers, Minn., to-
night. Seven cars went into the ditch.
The engine, baggage, and mail cars over-
turned and caught fire.

Engineer Connolly, of St. Paul, and
Baggageman Smith, of Minneapolis, were
killed. Fourteen passengers were badly
hurt.

A relief train was rushed from Minne-
apolis.

ARMY OF IMMIGRANTS DUE.**Three Ships from Europe to Land

Philadelphia, March 20.—Immigration
Commissioner Rodgers has perfected
plans for the reception and examination
of the small army of immigrants ex-
pected to reach this port between now
and Wednesday evening. Nearly 3,000
aliens are on board three transatlantic
liners.

First of the fleet to arrive will be the
Friesland, of the American Line, from
Liverpool and Queenstown, with 100 cabin
and 500 steerage passengers.

The Italia Line steamship Toarmina,
with a large cargo of general merchan-
dise and 30 cabin and 400 steerage pas-
sengers, is due from Genoa and Naples.

On Wednesday the Frankfurt is sched-
uled to arrive from Bremen with a num-
ber of cabin passengers and 1,400 immi-
grants.

CHICAGO TO HONOR LINCOLN.**Plans Celebration of Fiftieth Anniv-
ersary of Nomination.**

Chicago, March 20.—A celebration of the
fiftieth anniversary of Abraham Lincoln's
nomination for the Presidency is pro-
posed for Chicago. Thomas D. Knight,
of the Chicago Athletic Association, as
chairman, Homer Stillwell, president of
the Chicago Association of Commerce,
and John E. Wilder, president of the
Union League Club, have the prepara-
tions for the celebration in hand. Mr.
Knight announced the details of the
scheme, and said it would give Chicago
a week of carnival beginning on May 16,
the day on which, in 1860, the Republican
Presidential convention met in Chicago.

**DANCERS BREAK WORLD
ENDURANCE RECORD**

San Francisco, March 20.—Five
couples danced last night until
the world's record of 14 hours
and 45 minutes had been broken.
In Drunken Rink. The Mar-
athon started at 12:03 o'clock this
morning, with nineteen couples
participating. There were two
bands playing 30 minutes alterna-
tely.

The only dances played were
waltzes and two-steps, and any
couple missing step was disquali-
fied. Five couples were on the
floor when the police interfered,
and \$250 prize money was divided
between them.

**TAFT HOLDS OUT
PEACE TO CANADA****Confers at Albany with Min-
ister Fielding.****MAY RESULT IN GOOD****Tariff War, However, Not Yet
Beyond Possibility.**

Situation Remains That of Friendly
Negotiations, Is Tenor of Statement
Issued at Albany Following Meet-
ing—President Eschewes Political
Discussion and Departs for New
York to Attend Yale Meeting.

Albany, N. Y., March 20.—The threat-
ened tariff war between this country and
the Dominion of Canada stepped one pace
to the rear to-day after President Taft,
W. S. Fielding, minister of finance of
the Dominion of Canada, and Charles A.
Pepper, commercial adviser of the De-
partment of State, had conferred for
more than three hours in an attempt to
find some solution of the problem.

While no agreement was reached, and
while none was absolutely promised by
the conference, it was the general opinion
that the meeting of the President and
Mr. Fielding had been indicative of a
solution. Negotiations, which were prac-
tically at an end when Mr. Pepper re-
turned to Washington from the Domini-
on several weeks ago, have been re-
sumed, and every effort will be made by
President Taft, the State Department,
and officials of the Canadian govern-
ment to avert the tariff war.

The President left Albany to-night, Mr.
Fielding is due to depart for Canada, and
Mr. Pepper is expected to return to
Washington to-morrow morning. Presi-
dent Taft, following the conference,
caused this statement to be given out:

"The President and Mr. Fielding were
in conference in respect to the tariff
to-day for several hours. No conclusion
was reached, but the situation remains
that of friendly negotiations."

Anxious for Solution.

It was at President Taft's suggestion
that the conference was arranged, and
it was he who let it be known that ne-
gotiations had been resumed after they
apparently had failed. The President is
seeking only for some quid pro quo on
which to base an agreement.

It may be possible for Mr. Taft to
give Canada the minimum rates provided
in the Payne-Aldrich law, even after the
1st of March. On that date automatical-
ly the 25 per cent ad valorem is to be
added to the duties on importations from
all nations which unduly discriminate.

PRISON FOR GANG.**Fourteen Convicted for Using the
Mails to Swindle.**

Council Bluffs, Iowa, March 20.—J. C.
Mabray and thirteen others of a gang of
swindlers were to-day found guilty of
conspiracy to use the United States mail
to defraud.

There remain sixty-seven members of
the gang to be tried.

The prisoners were accused of conduct-
ing a vast swindling game through the
aid of fake prize fights, fake wrestling
matches, fake horse races, and other con-
fidence games. Thirty-two of their vic-
tims testified to having lost \$118,275.

BEEF INQUIRY OVER TO-DAY.**Individual Offenders Expect Clem-
ency in Chicago.**

Chicago, March 20.—Federal investiga-
tion of the beef packers is about over. The
last witnesses will be called to-morrow.
It is believed that the plan of pushing
the individual packers has been aban-
doned, and that the government will con-
fine itself to indictments of corporations,
by which it is hoped the annihilation of
the National Packing Company will be
achieved.

The return to Chicago to-day of Ralph
Crews, chief counsel of the National
Packing Company, who since the indict-
ment in New Jersey three weeks ago of
the Chicago beef barons has been in the
East, is taken to mean that the packers
are preparing to combat extradition pro-
ceedings.

Gov. Fort is expected to send to Gov.
Deneen this week requisition papers for
the indicted men. Preparations have been
made to contest the extradition of the de-
fendants by applying to the courts in
Chicago for their release on writs of
habeas corpus.

CONCESSION FOR MINERS.

Statement After Conference Indi-
cates Strike Will Be Settled.

Cincinnati, March 20.—President Tom
Lewis, of the United Mine Workers of
America, who has been here for the past
two weeks attending the conference be-
tween operators and miners of Ohio, In-
diana, and Western Pennsylvania, issued
a statement to-night to the effect that
he thought by Wednesday of this week
the operators would concede an advance
of wages to the miners, thus settling the
long-drawn-out conference. President
Lewis said he believed, at any rate, that
the question of an advance in wages
would be settled before April 1, when
the present contract expires.

Lewis says it is well known that the
majority of the big operators are greatly
averse to continuing longer the stand
that threatens to cause a general strike
of union miners.

District Attorney Dies.

Wilkesbarre, March 20.—District At-
torney John H. Williams, of Luzerne
County, Pa., died this afternoon at Hot
Springs, Va. A general breakdown in
health occurred after a strenuous cam-
paign ending in his election last Novem-
ber. He was thirty-three years old, was
a graduate of Dickinson Law School,
and had served three years as assistant
district attorney.

POISON TRACE FOUND.**Mystery of Dead Girl and Missing
Sister Still Unsolved.**

Toledo, Ohio, March 20.—Mystery still
surrounds the death of Elizabeth Mann,
aged twenty-two, and the disappearance
of her younger sister, Catherine, aged
seventeen, from her home, at Massillon,
Ohio.

Coroner March said to-day: "I have
found traces of strychnine poison. The
police state they have positive informa-
tion that Catherine bought strychnine
of a Massillon druggist, claiming that
she wanted it to kill a dog."

The stomach of the dead girl has been
sent to a Cleveland chemist for analysis.
In a letter to Ella Hoffman, of Massil-
lon, Elizabeth stated she was afraid to
go out after dark, as she had been fol-
lowed several times by a strange man.

Relatives of the sisters admit that the
younger sister was insanely jealous of
Elizabeth because she possessed better
clothes, and that they had frequently
quarreled over the subject.

**CHIDES CONGRESS
FOR CANNON ROW****Christ Not Welcome at Cap-
itol, Asserts Pastor.****PUBLIC MEN ASSAILED****Rev. A. W. Spooner Condemns
Habits of Society.**

Sermon at Sixth Presbyterian Church
Replete with Criticisms of Condi-
tions in Washington—Women's
Bridge Whist Parties Denounced.
Says Saviour Would Find No Room
in City's Smart Set.

"Would Christ have been welcome at
the Capitol if he had gone there yester-
day? Would there have been room for
him? Do you fancy he would sit calmly
by? I think he would have stood up
without addressing the Speaker, and said
'Thou shalt love thy neighbor as thy-
self.'"

Rev. A. W. Spooner asked these ques-
tions in a sermon at the Sixth Presby-
terian Church last night, bitterly pillorying
the "patriots of Congress" for their block-
ading during the three-day struggle to
strip "Uncle Joe" Cannon of his power
and reform the Rules Committee.

Would Be Ejected.

"If Christ should stand in either the
House or Senate and speak like this, the
sergent-at-arms would be called forth-
with," he added.

The clergyman declared what Carrie
Nation did in Washington would be "the
merest bagatelle" to what would happen
if the Saviour visited the Nation's Cap-
itol. He criticized public men in general,
and asked what would happen if Christ
entered a society home where women
play bridge whist.

"If Jesus stood face to face with public
men, and men who think public office is
their craft, would he be welcome?" asked
the pastor. "He rebuked the Pharisees
because they were clean outside and rot-
ten inside, and a Pharisee is one who can
quote the law and then everlastingly for-
get to apply it to himself."

"Do you fancy for a single moment that
Jesus would sit calmly by while the patri-
ots in Congress vote for the construc-
tion of two battle ships each year, costing
more than \$20,000,000, in order to increase
the killing power of a Christian nation?"

Woe Unto Scribes.

"Jesus said, 'Woe unto you, Scribes and
Pharisees, who make the outside of the
cup, but inside it is rotten, and it is
hardly possible if our Saviour should
walk the streets of Washington to-day
and visited our homes and speak the
truth, he would say, 'Woe unto you, Scribes
and Pharisees; you look clean outside,
but you are rotten inside.'"

"Just what Carrie Nation has done in
this city and in other cities would be the
merest bagatelle. Would He be welcome
should He come to this city? No. Be-
cause the casting out of devils, even though
it meant the saving of men, involved
the loss of a little property, and when
it is men versus hogs, the hogs win out
in this world every time."

"What a situation! You have the Great
Emancipator freeing men from the power
of the devil and the owners of swine ob-
jecting, because the liberation of men
meant a sacrifice of a few swine. This is
true in Washington. Christ knew what
he was saying when He said, 'What good
is it to a man if he gain the whole
world and lose his own soul?'"

"Suppose Christ should step into one
of our social circles where women con-
gregate and spend their evenings, a
veritable Monte Carlo, spending all of
their good time gambling and playing
bridge whist. Suppose Christ should
step into that social circle and say not a
word, but look into the faces of those
stylish women; would he be welcome?"
"Suppose He should crowd His way
into the theater and appear in one of the
private boxes and the Christian people
in the theater knew He was Christ;
would he be welcome? God help us! We
don't want Christ very much. It is a
very serious question, if Christ should
come to Washington, whether there is a
spot here where He could stand com-
posed."

TAUGHT HOW TO BE WIVES.**Girls in Boston Begin Course in
Matrimony School.**

Boston, Mass., March 20.—A school of
matrimony, in which the prime essen-
tials of instruction for successful wedded
happiness are now being taught, is the
latest innovation among Boston's modern
training institutions.

In this school a group of girls, includ-
ing some from many of the best families
in the city, are being trained five days
weekly in the arts which will equip them
to become ideal wives, mothers, and
homemakers.

**WAR TO BE WAGED
ON VACCINATION****Society Formed to Combat
Forced Inoculation.****REMEDY WORSE THAN ILL****Washington Physician May Be
Prosecuted.**

H. B. Bradford, Presiding, Declares
Compulsory Vaccination a Crime
Against Civilization—Deaths Have
Been Traced to It and Original
Cause Concealed by the Doctors, It
Is Alleged—Crusade on Foot.

A vigorous campaign against com-
pulsory vaccination in the District will be
begun to-day by the Washington Anti-
Vaccination Society, which was organized
yesterday.

Forty men and women of the District
have pledged their allegiance to the cause.
The case will be taken to Congress, if
necessary, to effect a repeal of the present
compulsory inoculation law.

Will Conduct Campaign.

Allied with the National Association,
the local Anti-Vaccination Society will
conduct a campaign similar to those
successfully waged in Philadelphia, New
York, and many Western States.

The society was organized at a meet-
ing in Pythian Temple yesterday, with
Harry B. Bradford, resident naturalist
and illustrator for the London Museum,
as president. The other officers are:
Vice president, Samuel Salomon; secre-
tary, Arthur T. Goldsborough, and treas-
urer, Mrs. C. W. Parker.

Impetus was given the movement by a
speech of Mr. Bradford, in which he
charged that deaths have been caused
in the District recently as a direct result
of compulsory vaccination. The physi-
cians were arraigned by Mr. Bradford,
who charged them with filing misleading
death certificates in cases where vaccina-
tion has been fatal.

Real Cause of Deaths Withheld.

"In an extensive investigation I found
that several deaths have occurred recently
in the District for which compulsory vac-
cination was directly responsible," said
Mr. Bradford, in an address before the
society. "In several cases, most of them
children, who had to undergo the inocula-
tion in order to be admitted to schools,
the real causes of the deaths were with-
held by the physicians and secondary
causes specified in the death certificates."

Mr. Bradford, who has made a study of
vaccination for many years, would not
disclose any names, but assured his audi-
ence that he has proofs to back up his
statements should they be questioned. A
suit is now pending, Mr. Bradford said,
against a physician of the District whose
methods of vaccination are alleged to
have caused the death of an adult.

"The practice of compulsory vaccination
is a crime against civilization," he said.
"When a person contracts smallpox, it is
smallpox that he gets, and nothing else;
but when he is vaccinated, nobody can
tell what he won't get. The idea that
healthy children must be made ill in
order to gain admittance to our schools
is preposterous."

REJOICE IN CANNON DEFEAT.**Union Laborers of Scranton Regard
Him as Foe.**

Scranton, Pa., March 20.—The Central
Labor Union, representing all the trades
unions of this city and vicinity, to-day
went on record as being opposed to an
all-State strike, declaring that such a
step would be "impractical" and would
lead to violation of existing contracts.

The meeting hurried a speech by one
of the delegates, who rejoiced in the
downfall of "Uncle Joe" Cannon, that
the Speaker was "not a friend of labor."

COUNTRY CLUB DAMAGED.**Firemen Prevent Destruction of New
Richmond Building.**

Special to The Washington Herald.

Richmond, Va., March 20.—The timely
arrival of the city chemical apparatus to-
night saved the handsome \$50,000 Coun-
try Club from destruction by flames. It
was in a blaze when the department ar-
rived. The loss amounts to about \$1,000.

It is believed the fire started by reason
of a cigar or match thrown into a pile
of shavings. The club was just completed
and had not opened to the public.

**LAW GIVES PITTSBURG
GRAFTERS A BARGAIN DAY****All Who Would Not Flee Prosecution or Go to Jail
May Purchase Freedom with Confessions.**

Pittsburg, March 20.—About sixty per-
sons in Pittsburg, councilmen and others,
were to-day notified by messengers from
the office of the district attorney to ap-
pear in court on Tuesday to voluntarily
confess their part in grafting and bribery
of Pittsburg councilmen in the past few
years. Those who appear and unburden
their consciences will be permitted to go
free. Those who do not appear will be
prosecuted.

All last night and to-day Councilman
Klein has been locked in room 323 of the
Fort Pitt Hotel, under guard of two de-
tectives. Klein will be taken to court to-
morrow morning, then to Riverside Peni-
tentiary to begin his sentence of three
and a half years, which will be cut to
all.

GRAVE AGAIN OPENED**Body of Prof. Vaughn Examined for
Suicide Cause.**

Paris, Mo., March 20.—The body of Prof.
J. T. Vaughn was exhumed for the second
time at Monroe City, Mo., to-day. At-
torneys for the State were not aware of
what had happened until the body was
once more in the grave.

The exhumation was done at the request
of James Proctor, Jr., Mrs. Vaughn's
brother. Attorneys decline to state what
portions of the anatomy were removed,
but it can be stated on good authority
that the operations were confined to the
tongue and spinal column. The parts re-
moved are now in St. Louis in possession
of the same experts who are analyzing
the viscera secured by attorneys of Mrs.
Vaughn on a writ of replevin last
Monday.

Attorneys for Mrs. Vaughn expect to
discover a cancer at the root of the
tongue. His alleged statement that a man
with such a malady would be justified in
ending his life will, it is reported, be ad-
vanced as evidence that Vaughn died by
his own hand.

**MIDSHIPMEN DRAG
TWO FROM WATER****Son of Vice President of Cuba
One of Rescued.**

Annapolis, March 20.—Through the
bravery of Beaufort E. Kirwan, an ap-
prentice at the United States Naval Hos-
pital here, and Peter Foy, a private of
marines, Francisco Zayas, son of the
Vice President of the republic of Cuba,
and a companion, Manuel Marcer, stu-
dents of St. John's College, were saved
from drowning this afternoon.

The young men were paddling a canoe
and overturned about fifty yards from
the shore.

Marcer held on to the craft, but Zayas,
who was very heavy, was not able to keep
above the water. He was at the end of
his strength, when Kirwan and Foy
jumped into the water and swam to him.
Kirwan secured a hold by the hair, and
kept his head above water until a boat
could be brought and both youths taken
into it.

Marcer showed no particular bad effect
of his ducking, but Zayas was in an ex-
hausted condition, and was given medi-
cal attention before being taken to his
home.

CANE BRAKE FIRED.**Mob Fails to Smoke Out Negro and
Awaits Sunrise.**

Marion Ark., March 20.—Leaders of a
mob engaged to-night in a hunt for
Charley Jones, an escaped negro, wanted
for murder, say they will not deliver
him to Sheriff Lewis when they catch
him. They have cornered Jones in a cane-
brake on Dunagins Island. Nearly 100 men
have formed a cordon around the island
waiting for the sun to rise. A lynching
will be certain.
